

Recovery and EB practice as Oil and Water

Martin Fojtíček

*Measure what is measurable, and
make measurable what is not so.*

Galileo Galilei

Tao Te Ting 1

The tao that can be told
is not the eternal Tao
The name that can be named
is not the eternal Name.

NDEX 46880

VIDÍM, DĚDEČIKU, ŽE JSTE DOBRÝ ČLOVĚK. NEJSTE BLÁZEN?

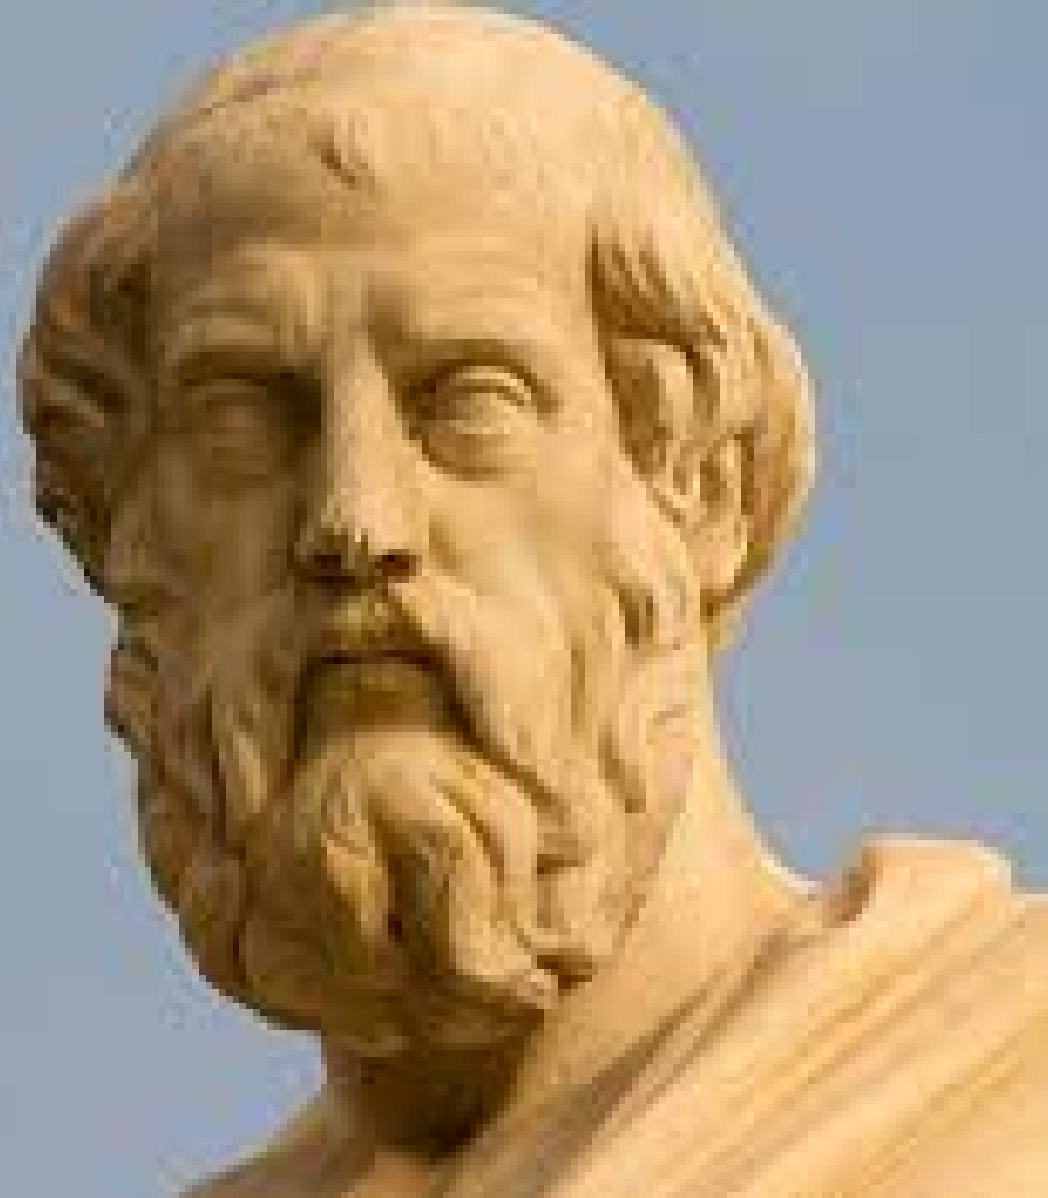

I can see, old man, that you're a good person. Aren't you a fool?

There does not exist, nor will there ever exist, any treatise of mine dealing therewith. For it does not at all admit of verbal expression like other studies, but, as a result of continued application to the subject itself and communion therewith, it is brought to birth in the soul on a sudden, as light that is kindled by a leaping spark, and thereafter it nourishes itself. (*Plato 341c*)

Hope is not the conviction that something will turn out well but the certainty that something makes sense, regardless of how it turns out.

Vaclav Havel

Former President of Czechoslovakia

1936 - 2011

QUOTEHD.COM

Probability and hope

THE PROBABILITY that something will turn out well ...

... is a subject of scientific studies

BELIEVING that something will turn out well (“expectation of good”) ...

... is a matter of personal experience

Hope as "the certainty that something makes sense regardless of how it turns out,, ...

... is **WHAT?**
